However, in order to provide suitable support to our customers where needed, we can now also accept goods in person subject to local government social distancing guidelines. There may be a delay in repair times and we do not yet know when we will be able to resume our normal service levels. We apologise for any inconvenience caused and thank you for your understanding and support, as we continue to review and address the situation. We will update you as the situation develops. Therefore, Canon

recommends the below cleaning instructions. The effectiveness, of alcoholbased cleaners, should be checked with the manufacturer. Wipe the device parts which users may touch, such as the numerical keys on operation panels, touch screens, covers and handles. Be sure not to drip any liquid onto these areas. However, it is recommended to use a cleaning product which contains a minimum of 60% alcohol. Please note that alcohol is a flammable liquid, therefore it should never be used near fire.

If your printer is covered by the Canon European Warranty System EWS then please first check for availability and, if eligible, contact us directly to arrange the OnSite Warranty Service. If you are not eligible for OnSite service then you can locate a Canon Service Centre below. Please follow the transportation instruction as per the User Manual for your Canon product. After selecting your product, you will have access to frequently asked questions, user manuals, drivers, software and firmware downloads. There will also be other information that may be useful to you including how to contact Canon or a Canon Service Centre for telephone and email support. As there may be small local differences in the specific process per country, please check the support pages for your country of residence via our country selector. Please note that Canon retains spare parts for all our product ranges for five to seven years after the end of production, to ensure that your product can be repaired please contact the service centre prior to sending your item. If you are unable to print the form, please confirm the same information in a letter which you should send with your product. Canon Service Centres cannot provide warranty repairs without receipt of any applicable supporting documentation. We recommend that your product is safely and securely packaged. Depending on the value of the product, you may also wish to consider insuring the shipment. If a warranty repair applies, your product will enter our standard repair process and, upon completion, the product will be dispatched to you or made available for collection. You will then have the opportunity to agree to this estimate, prior to any chargeable repair work commencing. If this estimate is rejected then, under certain circumstances, a handling fee may be applied. If applicable, and the fixed price offer is rejected, a charge to cover return shipping may be applied.

For full details, please contact your selected Authorised Service Partners directly, prior to sending your product for repair.
